

FastBlue Communications Referral Program

Earn 50% of your client's monthly bill on a 1 year contract, *75% on a 2 year contract, and *100% on a 3 year contract.

Introducing a program that addresses your needs. You refer a client to us, you earn your commission when the circuit installs. No selling. No hassles.

FastBlue Communications is a premier master agency for business telecommunications services as well as a direct provider of enhanced conferencing services

and IP Transit via our network of Tier One providers. With our industry relationships and expertise we offer unbiased, carrier neutral advice on service from the finest providers of Local, Long Distance, Toll Free, International, High Speed Internet and Data. We service all facets of the industry, from small business to Global 500 companies.

We have a proven track record of negotiating the best solutions and pricing for our customers. We offer an unbiased alternative to the traditional sales organizations of the telecommunication providers. FastBlue's experienced staff and sales partners follow a process of assessment, analysis and recommendations to provide our clients the highest possible return on investment and savings from their voice and data communications infrastructure across multiple vendors product lines, giving your customer the best solution that the industry can offer.
